ANNOUNCEMENT LETTER  
March 1984

Canada  
P. O. Box 76946, Station "S"  
Vancouver, B.C. V5R 5T3

Dear Brethren:

Affectionate greetings to all. Our prayers and thoughts are with you daily. How joyous it would be if we could see and communicate with everyone on a weekly basis. This may never be possible again in this present age. Our tie with one another may pretty much be through the tapes, literature, and the Feast Days. At least we can be most thankful that we have been afforded the knowledge of God's Feast Days, which keeps us in contact with one another -- on an annual basis.

Due to the length of the information to be given concerning the Spring Feast Days, the section on CURRENT EVENTS will be eliminated for this issue of the Announcement Letter. When time and space allow for acceptable coverage of significant events of the day, they will be included. For the sake of brevity, cost, and in consideration of your own personal time, we are attempting to put upper limits on the number of pages we write per month -- Monthly Letter, Announcement Letter, and other writings.

## ARTICLES

While research and work in general continues on the major work Israel and the Church, we are planning to produce a couple of shorter articles. One, due to present proliferation of ideas concerning the state of the New Birth, will be written on the subject of what it means to be born into the family of God. The second article will be written from the major outline submitted on the subject of the Holy Days. These will be spaced throughout the year.

Mr. Robert Jacobs is being greatly pressured in his job at the present time. Please be patient about the calendar article. He is the only one who has done the research and possesses the expertise to complete the article. In due time you will receive a very rewarding article. It will be worth the wait.

#### FEAST OF TABERNACLES

There are a number of items which need to come up, but since this Letter is already long those points must wait for the next issue. Suffice it to mention the need to carefully review how we all wish best to handle the economics of the Feast of Tabernacles -- costs of halls, ministerial travel, and the host of incidental costs which we always encounter. If you have any suggestions, please forward them to us. Sometime soon we must come to a definite conclusion as to how best to conduct this part of the business God has placed upon us all.
