

Announcement Letter October 2018

Dear Brethren:

As many of you have just recently returned from keeping the Feast of Tabernacles, your servants here in the Eugene, Oregon, office want to renew our expression of devotion to every one of you who is determined to practice that revealed Way of Life today.

It continues to be our very great honor to devote our energies in providing spiritual support for you and your families year in and year out. Through God's great mercy, He has yet made it possible for us to maintain the physical operation necessary to produce sermons and letters for you, to be available for spiritual counseling and guidance, to make ministerial visits into many areas around the world each year, and to provide designated places for God's holy convocations. As long as we have those continuing blessings, we are committed to sustaining the level of effort that has permitted this little remnant organization to be viable and prosperous for nearly forty-four years. Anything could occur at any time to upset that operation. We will not presume any strength of our own. It is God who has made it possible for us to exist—to survive as well as to thrive. If He so chooses, this humble operation will continue to provide those services for you into the future as well.

With that in mind, it would have been very easy to skip production of an issue of this monthly mailing in October because of the interruption of our normal office functions around the fall Feasts. But in a gesture to demonstrate your worth and value to us as members of this remnant body, we are sending you this mailing, the preparation of which was largely completed last month before the Feast began. We are enclosing another historical letter written by Mr. Jean Aviolat in November 1983, which hopefully will be of inspiration to you. It should also demonstrate the timelessness of these writings and sermons, proving that the true inspiration of God's ministers results in material that is just as relevant today as it was many decades ago. God's Truth never goes out of style.

May each one of you be blessed in charting your own personal course into the months ahead, and may God see you through every trial of mind and body so that we may yet manifest collectively that very unity of His Spirit.

New Moon

The new moon, Heshvan (eighth month), begins Tuesday evening, October 9. The new moon day is Wednesday, October 10.
